## 2020-Announcement of Advanced Materials

**A. K. BATRA**

*Professor, Alabama A & M University, USA*

*E-mail: [ashok.batra@aamu.edu](mailto:ashok.batra@aamu.edu)*

[Advanced Materials 2020](#) welcomes all the associates around the globe which is going to be held during November 24-25, 2020 in [Vancouver, Canada](#), (Advanced Materials 2020) will focus on the main theme of this congress is to discuss upon "Advancements in Materials Science and Technologies : Breakthrough to Excellence"

Conference Name	Place	Date
<a href="#">Advanced Materials 2020</a>	Vancouver, Canada	November 24-25, 2020

The objective of [Advanced Materials 2020](#) is to bring together leading experts from industry and academia to stimulate discussion related to new approaches to improving sustainability of materials and to hear about the latest developments.

- Materials Scientists /Professors.
- Business delegates
- Research Scholars and students
- Members of Materials science Associations
- Advanced Materials Engineers
- Junior/Senior research fellows of Materials Science/ Nanotechnology/ Polymer Science/Biotechnology
- Materials Science Students

International Conference on [Advanced Materials 2020](#) which is going to be the biggest conference dedicated to Materials Sciences professionals providing a premier technical forum for reporting and learning about the latest new generation technologies developed during the course of time along with discussing their applications. Events include hot topics presentations from all over the world and professional networking with industries, leading working groups and panels.

Meet Your Objective Business sector With individuals from and around the globe concentrated on finding out about [advancements in materials](#) sciences, this is the best chance to achieve the biggest collection of members from everywhere throughout the World. Conduct shows, disperse data, meet with current, make a sprinkle with another product offering, and get name acknowledgment at this occasion. Widely acclaimed speakers, the latest methods, strategies, and the most up to date overhauls in Polymer science and Engineering are signs of this meeting.

The Conference represents the huge area where the focus lies on developing product-related technologies with rapid advancement in research in recent years. It is true that, [Materials](#) Science and Engineering conferences, importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

### About Venue:

With its scenic views, mild climate, and friendly people, Vancouver is known around the world as both a popular tourist attraction and one of the best places to live.

Vancouver is also one of the most ethnically and linguistically diverse cities in Canada with 52 percent of the population speaking a first language other than English.

Vancouver has hosted many international conferences and events, including the 2010 Winter Olympics and 2010 Winter Paralympics.

### ***Advanced Materials 2020***

The City continues to see an excellent return on investments made in the 2010 Winter Games, from sustainable community centres to public art, community involvement, and transportation infrastructure. Vancouver has a moderate, oceanic climate. Protected by the mountains and warmed by the Pacific ocean currents, Vancouver is one of the warmest cities in Canada.

#### **Subject Advantages:**

- Meet Experts & Influencers Face to Face
- Networking Opportunities
- Learning in a New Space
- New Tips & Tactics
