## 2020-Young Research Forum for Advanced Materials

**Dr. Ramesh Agarwal**

*Professor, William Palm Professor of Engineering, School of Engineering & Applied Science, School of Medicine,  
Washington University, USA*

*E-mail: [rka@wustl.edu](mailto:rka@wustl.edu)*

Conference Series LLC Ltd proudly announces the upcoming, **International Conference on Advanced Materials and Sustainable Development** during **November 24-25, 2020** at **Vancouver, Canada** (Advanced Materials 2020) will focus on the main theme of this congress is to discuss upon "*Advancements in Materials Science and Technologies : Breakthrough to Excellence*". Scientific sessions designed for this conference will assist the attendees and participants to learn extremes.

The objective of Advanced Materials 2020 is to bring together leading experts from industry and academia to stimulate discussion related to new approaches to improving sustainability of materials and to hear about the latest developments.

International Conference on Advanced Materials and Sustainable Development which is going to be the biggest conference dedicated to Materials Sciences professionals providing a premier technical forum for reporting and learning about the latest new generation technologies developed during the course of time along with discussing their applications. Events include hot topics presentations from all over the world and professional networking with industries, leading working groups and panels.

Advanced Materials 2020 would meet with Materials Manufacturers, Directors, Professors, Students, Research scholars and other participants including CEO, Consultant, Head of Departments, Economist, and Project Manager from business and industrial sectors across the world in order to establish a scientific relation between academic experts and other participants through information sharing and networking. The Conference will also have a space for companies and/or institutions to present their services, products, innovations and research results.

### **Prestigious Award for Young Research's at Advanced Materials 2020 - Discovering New Exploration in Materials Science field**

Materials Science Conference Committee is glad to announce "International Conference on Advanced Materials and Sustainable Development" November 24 -25, 2020 in Vancouver, Canada by focus on the theme: "*Advancements in Materials Science and Technologies : Breakthrough to Excellence*", Advanced Materials 2020 developments are maintaining their momentum. Materials Science Conference program delves into strategic discussions.

### **Advanced Materials 2020 Young Scientist Awards**

Materials Science Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Materials Science.

Young Research's Awards at **Advanced Materials 2020** for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the **Advanced Materials 2020** young research forum.

### **Benefits**

- Young Scientist Award recognition certificate and memento to the winners.
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.

### *Advanced Materials 2020*

- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field.
- Share the ideas with both eminent researchers and mentors.
- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

#### ***Eligibility:***

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit-Under 35yrs
- All submissions must be in English.

**Advanced Materials 2020** provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join **Advanced Materials 2020** for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our **Advanced Materials 2020** more successful.

The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

#### ***How to apply***

Candidates applying for the Young Researcher Award should send their resume, and a letter of recommendation (from a research adviser for students or a senior faculty member) to [advancedmaterials@eventsinfo.org](mailto:advancedmaterials@eventsinfo.org) along with the online application form below.

Online application link: <https://advancedmaterials.materialsconferences.com/young-researchers-forum.php>
