Conference Announcement on Sports Medicine 2020

We are pleased to welcome you to the “6th International Conference on Sports Medicine and Fitness” after the successful completion of the series of Sports Medicine 2020. The congress is scheduled to take place in the beautiful city of London, UK, on November 23-24, 2020. This Sports Medicine 2020 conference will provide you with an exemplary research experience and huge ideas.

The perspective of the Sports Medicine Conference is to set up transplant research to help people understand how treatment techniques have advanced and how the field has developed in recent years.

Conferenceseries proffers our immense pleasure and honour in extending you a warm invitation to attend Sports Medicine 2020 on November 23-24, 2020 in London, UK. It is focusing on “Impact of Sports Medicine for a Better Future”, to enhance and explore knowledge among Sports Medicine community and to establish corporations and exchanging ideas. Providing the right stage to present stimulating Keynote talks, Plenary sessions, Discussion Panels, B2B Meetings, Poster symposia, Video Presentations and Workshop Future Microbiology 2020 anticipates over 200 participants around the globe with path breaking subjects, discussions and presentations. This will be a splendid feasibility for the researchers, delegates and the students from Global Universities and Institutes to interact with the world class scientists, speakers, Analyst, practitioners and Industry Professionals.

Conferenceseries LLC Ltd and its subsidiaries including iMedPub Ltd and Conference Series Organise 3000+ Conferences across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open Access Journals which contains over 50000 eminent personalities, reputed scientists as editorial board members.

Conferenceseries LLC Ltd is an amalgamation of Open Access Publications and worldwide international science conferences and events. Established in the year 2007 with the sole aim of making the information on Sciences and technology “Open Access”, Conferenceseries LLC Ltd publishes scholarly journals in all aspects of Science, Engineering, Management and Technology journals. Conferenceseries LLC Ltd has been instrumental in taking the knowledge on Science & technology to the doorsteps of ordinary men and women. Research Scholars, Students, Libraries, Educational Institutions, Research centers and the industry are main stakeholders that benefitted greatly from this knowledge dissemination. Conferenceseries LLC Ltd

also organizes 3000+ International conferences across the globe, where knowledge transfer takes place through debates, round table discussions, poster presentations, workshops, symposia and exhibitions.

Sports Medicine conferences host presentations from experts across the world in the field of Sports Medicine. These Sports Medicine conferences create awareness and understanding of the work done by the scientists and professors working in the various fields of Sports Medicine like bacteriology, which deals with study on bacteria and their types.

Virology, which deals with the latest research on viruses, prions and other types of viruses and the drugs to competition against the infections and recent out-breaks of viruses like Ebola.

mycology, which deals with the current research on fungi- their physiology and genetics; parasitology which deals with the latest research and developments on parasites and their host interactions- beneficial and harmful; molecular microbiology is one of the core areas in the inter-disciplinary pitches of molecular biology and microbiology that deals with the microbes at their molecular level. Conferences also embrace poster presentations, Young Research Forum, pre-conference and conference workshops, International Meetings apart from the various speaker sessions.

Our Mission

- *To provide the best platform where various ideas can be shared and information can be discussed.*
- *To conduct conferences annually in each and every field of life science in various parts of the world to target maximum audiences.*
- *To conduct outstanding events with our hard work.*
- *To create some value worldwide.*
