JOURNAL HIGHLIGHTS

Der Pharmacia Lettre (DPL) is the most preferred and highly accessed journal in the field of chemical and Pharmaceuticals sector. DPL functions on principles of scientific excellence, publication ethics and transparency. It makes mediatory that every article is submitted only through the online manuscript submission and review system. Der Pharmacia Lettre with ISSN: 0975-5071 is successfully running since 2009. It is our grate privilege that the journal had published 11 volumes with 12 regular issues in the year 2019.

Der Pharmacia Lettre during this year also brought out International Conference on Pharmaceutical Chemistry, World Congress on Pharma and Clinical Trials and 20th Medicinal & Pharmaceutical Sciences Congress, which consisted of more than 50 abstracts.

All the articles published in the journal will be abstracted/ indexed in Chemical Abstract Services (USA), Indexcopernicus, CABI, HINARI, Ornamental Horticulture, Open J Gate, Genomics Journalseek, Google scholar CAB abstract, Animal Science Database, Horticultural Science Abstracts, Helminthological Abstracts, Agroforestry Abstracts, Global Health, Animal Science Database, Veterinary Science Database, Horticultural Science Abstracts, Plant Genetics and Breeding Database, Plant Breeding Abstracts, Soil Science Database , Wheat Barley and Triticale Abstracts , Biocontrol News and Information , Nutrition and Food Sciences Database, Horticultural Science Database, Forest Products Abstracts, Crop Science Database. Studies receiving funding from a funding organization that is included on the list of PMC and Research Funder Policies or authors having NIH grant were submitted to PubMed

During the calendar year of 2019, DPL received a total of 60 manuscript, out of which 40 articles were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 20 articles were subjected for publication after they are accepted in the peer review process. Articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited.

DPL is now coming with the Upcoming volume 12 in 2020. In this volume the journal is mainly focus more on the current topics of clinical pharmacy, Medical Chemistry, pharmaceutical microbiology, drug design, molecular modelling, computational chemistry, coronavirus resisting drugs, Clinical trials in COVID-19. As the current industries and research labs are mainly focusing in gathering effort from academia, pharmaceutical companies, hospitals, international organizations, as well as governments and philanthropic associations to improve our comprehension of the infection by utilizing a few methodologies.

I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board, the office bearers for their support in bringing out yet another volume of DPL and look forward to their unrelenting support to bring out the Volume 12 of Der Pharmacia Lettre in scheduled time.
