Scholars Conferences take immense pleasure in welcoming you all to the Scholars Webinar on Naturopathic Medicine which is held during April 14-15, 2021 at 11:00-18:00 GMT.

“We understand the current situation and in this pandemic situation, we can’t come together-But our ideas can!!”

“Where the Best in Medicine Comes Together!”

Naturopathic Medicine Webinar 2021 (SWNM 2021) aims to gather the Researchers, principal investigators, experts and researchers working under academia and healthcare industry, Business Delegates, Scientists and students across the globe to provide an international forum for the dissemination of original research results, new ideas, and practical development experiences. We hope that you will grasp this academic occasion to revitalize the enduring connections and flash with new peers around the globe.

Together, we work to advance the unique and distinct philosophy of naturopathic medicine, to expand access to naturopathic doctors, and to help the participants to build successful practices.

The participants share their knowledge and view through abstract posters, interactive keynotes and plenary sessions to discuss improving the new therapies and exploring new approaches and receive global recognition at this global platform. Naturopathic Medicine Webinar 2021 (SWNM 2021) will guide and empower people to discover and experience improved health, optimal wellness, and effective management of disease through the principles and practices of naturopathic medicine.

This webinar covers the major sessions like chemistry of natural products; biochemistry of medicinal plants; pharmacology of natural products and herbs, including Kampo formulas and traditional herbs; botanical anatomy; cultivation of medicinal plants and etc.
