

## Past Conference Report—International Webinar on Robotics 2020

Meetings International invites all the participants from all over the world to attend organizing International Webinar on Robotics 2020 organized in Dubai, UAE during September 21, 2020. This Conference will unite Computer Engineers, driving analysts, researchers and scientists in the area of interest from all over the world. This would provide a platform to discussion and exchange of ideas and experiences, and exploration of future research avenues in various fields of Robotics.

Being a pioneer in this field, Meetings International in producing top notch conferences, meetings, workshops and symposia in all major fields of science, engineering and medicine. Meetings Int. has been associated with national and international associations, Universities, Industries, and high-level individuals, dedicated to hosting world-class conferences and events. The key objective of Meetings Int. is to provide the communication between science and engineering research among the Academic and Industrial Community.

Objective: Robotics 2019 has the platform to fulfil the prevailing gaps in the transformation of this science of hope, to serve promptly with solutions to all in the need. Robotics 2019 will have an anticipated participation of 120+delegatesacross the world to discuss the conference goal.

Success Story: Robotics-Meetings International

The success of the Webinar on Robotics-Meetings Inter-

national has given us the prospect to bring the gathering in Singapore City, Singapore. Since its commencement has witnessed around 750 researchers of great potentials and outstanding research presentations from around the world. Awareness of stem cells and its application is becoming popular among the general population. Parallel offers of hope add woes to the researchers of cell science due to the potential limitations experienced in the real-time.
